- Must clean dogs' feet after taking walks or going out.
- When leaving rooms for going out or for meals, or when sleeping, dogs must be crated for safety.
- Do not leave dogs alone in the room during cleaning times.
- When staff enter rooms, whether guests are present or not, dogs must be put into crates for safety. (If this condition is not followed, staff will not be able to clean, turn down bedding, or bring items into the guest rooms.)
- Guests agree to assume financial responsibility for any damages or injuries caused by pets to the hotel building, furniture, appliances, fixtures, greenery, etc. and take precautions to prevent the same. If any pet causes physical harm or damage to other guests or their property, or causes any accident, the hotel will not be responsible in any way.
- Do not brush dogs inside guest rooms; if necessary, use room terraces or the dog park. Put all fur/hair into wastebaskets.
- Let dogs toilet on provided toilet pads or take them outside.
- If a dog has a toilet accident, quickly and thoroughly clean up after it. If this happens in a public area, owners must inform the closest member of staff.
- When going out with your dog, please take care with cars in the area. Make sure to keep pets firmly secured by leash so as not to invite problems with other guests or members of the community. Please bring back any solid waste and throw it away in the bin provided in the dog park.
- Other than the specifically Dog-friendly Villa areas, dogs are not allowed in guest rooms, restaurants, communal hot spring, tennis courts, the 3x3 basketball court, or the futsal court. When entering main hotel areas, dogs must be placed in a cart and covered.
